# Publication Guide

## Government Information (Public Access) Act 2009

## Preface

The *Government Information (Public Access) Act 2009 (NSW)* (GIPA Act) replaces the *Freedom of Information Act 1989 (NSW)*, and introduces a new right to information systems. The new system is focused on making government information more readily available.

Section 6 of the *GIPA Act* makes it mandatory for agencies to disclose some information proactively and free of charge, unless there is an overriding public interest against disclosure. Section 20 of the *GIPA Act* requires agencies to develop and adopt a publication guide as part of their mandatory open access information.

Council's publication guide is a summary of what we do, how we do it and the type of information we hold and generate through the exercise of our functions, with a particular focus on how those functions affect members of the public. Council will review its publication guide at least once every 12 months.

#### (s22) Other functions

A council has the functions conferred or imposed on it by or under any other Act or law.

**Note:** While the main functions of councils are provided for under this Act, councils also have functions under other Acts. An important general provision is contained in section 50 of the *Interpretation Act 1987* which provides, in part:

  - (e) may do and suffer all other things that bodies corporate may, by law, do and suffer and that are necessary for, or incidental to, the exercise of its functions.
- (4) This section applies to a statutory corporation in addition to, and without limiting the effect of, any provision of the Act by or under which the corporation is constituted.
