Schedule of Duties:

- Be aware of plant and equipment capabilities
- Ensure plant, equipment and machinery is fully operative and in safe working order and always operated in a safe and legal way in accordance with all relevant Acts
- Ensure that all safety equipment and clothing is used where required in the correct manner
- Liaise with immediate supervisor with regard to daily and weekly works
- Be prepared to travel or camp as directed and must be prepared to work out of hours as required
- Initiate disciplinary action on staff under control of the Team Leader – Roadside Maintenance Team as required
- Issue instructions to and supervise staff under direct control of the Team Leader – Roadside Maintenance Team
- Organise daily plant and material requirements, organise stores requisitions
- Ensure that all work sites are left in a neat, tidy and safe condition
- Assist with the preparation of insurance reports as required
- Attend plant schools, seminars, training sessions associated with this position if required
- Ensure that there is no wastage or misuse of resources
- Carry out other duties as required by the Manager Roads Infrastructure and/or the Overseer Roads

Customer Service

- Project and promote the image of Council as both positive and efficient through maintaining professional standards and presentation.
- Attend to enquiries from internal and external customers promptly and professionally.
- Communicate effectively and sensitively with both internal and external customers.
- Objectively solve disputes and/or problems that may arise with internal and external customers
- Work cooperatively with other organisations

Work Health and Safety Responsibilities

- All employees are responsible for WHS at Warren Shire Council and their duties include:
- Working in a safe manner without risk to themselves, others, Council's equipment or the environment;
- Reporting all WHS hazards and incidents to their supervisor;
- Reporting all injuries and illnesses to their supervisor and the Work Health Safety/Risk Officer within 24 hours;
- Providing suggestion, through agreed consultation method, on how to improve WHS issues;
- Seeking assistance if unsure of WHS procedures;
- Reporting any faulty equipment or plant to their supervisor;
- Participate in WHS consultation arrangements in your workplace;
- Complying with any Return to Work Plan if injured;
- Correctly using all personal protective equipment; and
- Complying with emergency and evacuation procedures.

Physical Demands

The position holder is required to be physically fit as they are likely to be exposed to a range of outdoor activities and also prolonged sitting, and close eye work.

Key Accountabilities

- Adherence to authorised working hours
- Adherence to adopted safe working practices
- Adherence to adopted works specifications
- Control of plant and materials under direct control of the Ganger - Construction and Maintenance Crew
- Adherence to adopted policies of Council
- Carry out duties as instructed
- Report any problems with plant and equipment, mechanical or otherwise, to the Plant Foreman
- Demonstration of good driving/operating and low maintenance record for plant operated
- Advise Roads Overseer if unable to attend or complete work or training
- Ensure all records are maintained
- Ensure harmonious and productive relationships exist with the Council staff
- Promote a positive image of Council
- Processing of time, plant, contractor and maintenance management system sheets.

Output Measures

- Standard of workmanship
- Number of work safety incidents
- Record of staff matters
- Attendance record
- Presentation

Position Skill Descriptors - Operational Band 1, Level 4 (B1 L4):

Authority and accountability: Responsible for supervising staff in operational duties or for work requiring independence in the application of skills, subject to routine supervision. Responsible for quality of work function.

Judgement and problem solving: Option on how to approach tasks requires interpretation of problems and may involve precise judgement in operational areas.

Specialist knowledge and skills: The number of work areas in which the position operates makes the work complicated and a variety of skills are required in its completion. Position may require competence in operation of complex machinery.

Management skills: Supervisory skills in the communication of instructions, training and the checking of work may be required.

Interpersonal skills: Skills are required to convince and explain specific points of view or information to others and to reconcile differences between parties.

Qualifications and Experience: Experience to adapt procedures to suit situations and a thorough knowledge of the most complex operational work procedures to achieve work objectives.
